1. About This Illustration

This Benefit Illustration has been prepared to help you understand how the Suraksha Savings Plan works — the premiums you pay, the benefits payable, and the charges applicable. It shows two illustrative scenarios of investment return, 4% per annum and 8% per annum, as required by the Insurance Regulatory and Development Authority of India (IRDAI). These two rates are used only to illustrate how non-guaranteed benefits could vary. They are not the minimum or maximum return of this product and they are not a promise of future performance.

Guaranteed benefits, where they exist, are shown separately from non-guaranteed benefits throughout this document. Wherever a figure in this illustration is not guaranteed, that is stated next to the figure.

2. Key Product Features

- Plan Type: Non-Linked, Participating, Individual Savings Life Insurance Plan
- Policy Term: 10 years
- Premium Payment Term: 10 years (Regular Pay)
- Premium Payment Mode: Yearly
- Annualised Premium: ₹1,20,000 (exclusive of applicable taxes)
- Minimum / Maximum Entry Age: 18 years / 55 years
- Maximum Maturity Age: 65 years
- Sum Assured on Death: 10 times the Annualised Premium
- Optional riders may be available at inception, subject to underwriting; none are included in this illustration
- Assumed rates of return used in this illustration: 4% p.a. and 8% p.a.

3. Eligibility & Product Parameters

Parameter	Minimum	Maximum
Entry Age	18 years	55 years
Policy Term	10 years	10 years (this illustration)
Premium Payment Term	10 years	10 years
Annualised Premium	₹1,20,000 (this illustration)	As opted, subject to underwriting
Sum Assured	7 × Annualised Premium	10 × Annualised Premium or higher

4. Your Policy at a Glance

Prospective Policyholder	Mr. Karthik Subramaniam (specimen)
Age at Entry	35 years
Policy Term	10 years
Premium Payment Term	10 years
Premium Payment Mode	Yearly
Annualised Premium	₹1,20,000
Sum Assured on Death	₹12,00,000
Assumed Rate of Return (Illustrative)	4% p.a. and 8% p.a.
Guaranteed Returns	No

5. Benefit Illustration — Year by Year

The table below shows, for each policy year, the premium paid and the illustrative accumulated value at the end of that year, under the two assumed rates of return. Figures under “At 4% p.a.” and “At 8% p.a.” are non-guaranteed and depend on the Company’s actual investment and other experience — they are not a forecast.

Policy Year	Premium for the Year (₹)	Total Premiums Paid (₹)	At 4% p.a. (₹, non-guaranteed)	At 8% p.a. (₹, non-guaranteed)
1	₹1,20,000	₹1,20,000	₹1,20,000	₹1,20,000
2	₹1,20,000	₹2,40,000	₹2,44,800	₹2,49,600
3	₹1,20,000	₹3,60,000	₹3,74,592	₹3,89,568
4	₹1,20,000	₹4,80,000	₹5,09,576	₹5,40,733
5	₹1,20,000	₹6,00,000	₹6,49,959	₹7,03,992
6	₹1,20,000	₹7,20,000	₹7,95,957	₹8,80,311
7	₹1,20,000	₹8,40,000	₹9,47,795	₹10,70,736
8	₹1,20,000	₹9,60,000	₹11,05,707	₹12,76,395
9	₹1,20,000	₹10,80,000	₹12,69,935	₹14,98,507
10	₹1,20,000	₹12,00,000	₹14,40,733	₹17,38,387

Returns are NOT guaranteed. The 4% and 8% rates are illustrative only.

6. Guaranteed & Non-Guaranteed Benefits

Guaranteed Benefits

In the event of the death of the life assured during the policy term, while the policy is in force, the Company will pay the Sum Assured on Death stated in Section 4, subject to the terms and conditions of the policy. Guaranteed Returns on premiums paid: No.

Non-Guaranteed Benefits

On survival to the end of the policy term, the maturity benefit payable depends on the Company’s actual experience with investment returns, mortality, expenses and other factors — it is not guaranteed. The 4% p.a. and 8% p.a. figures in Section 5 are illustrative scenarios prepared in line with IRDAI guidelines. They are not a promise, estimate, or guarantee of future benefits.

7. Charges

Charge	When Deducted	Rate
Premium Allocation Charge	Year 1	5% of Annualised Premium
Premium Allocation Charge	Years 2–5	2% of Annualised Premium
Premium Allocation Charge	Year 6 onward	Nil
Policy Administration Charge	Throughout the Policy Term	As per the Company's published rates, deducted monthly
Mortality Charge	Throughout the Policy Term	Based on age, sum at risk and health, deducted monthly

This table is simplified for this specimen document. The complete charge structure of a real product is set out in its policy document — not in the benefit illustration handed to you at the point of sale.

8. Surrender Value & Lock-in

Lock-in Period: 5 years from the date of commencement of the policy.

Surrender Value: Nil before completion of the 5th policy year. If you discontinue paying premiums and surrender the policy on or after completion of the 5th policy year, a Surrender Value becomes payable:

- Guaranteed Surrender Value — a percentage of total premiums paid (excluding the first year's premium), increasing with the number of years completed, as specified in the policy document.
- Special Surrender Value, if any — determined by the Company from time to time based on its actual experience, and may be higher than the Guaranteed Surrender Value.

Surrendering the policy before the end of the Policy Term results in a lower benefit than shown in Section 5, and is generally not in your interest as a long-term saver.

Glossary of Terms

Insurance documents use specific defined terms. This glossary explains the ones used in this illustration in plain language.

Annualised Premium — The total premium payable in a policy year, excluding taxes, rider premiums and any underwriting extra premium.

Sum Assured — The amount guaranteed to be paid on the death of the life assured, as chosen at the start of the policy.

Non-Linked — The policy's benefits are not linked to the performance of any investment fund chosen by the policyholder; benefits are determined by the Company.

Participating — The policyholder may be eligible for a share of the Company's surplus, usually as bonuses, which are not guaranteed.

Bonus — A non-guaranteed addition to the policy benefit, declared by the Company from time to time based on its actual experience.

Lock-in Period — The minimum period during which the policy cannot be surrendered for any value.

Surrender — Terminating the policy before the end of the policy term in exchange for a surrender value, if any.

Lapse — The status of a policy on which a due premium has not been paid within the grace period, after which cover stops, subject to any paid-up value.

Paid-up Value — A reduced benefit that may apply if premiums stop being paid after a minimum number of years, instead of the policy lapsing completely.

Free-Look Period — The period after receiving the policy document during which the policyholder may cancel the policy and receive a refund, subject to deductions.

Grace Period — The additional time allowed after a premium due date, during which the policy stays in force even though the premium has not been paid.

Revival — Restoring a lapsed policy to an in-force status, subject to the Company's conditions.

Rider — An optional additional benefit attached to the base policy for an extra premium.

Maturity Benefit — The benefit payable if the life assured survives to the end of the policy term.

9. Free-Look Period, Grace Period & Revival

Free-Look Period: If you disagree with any term or condition of the policy, you may return it within 30 days from the date of receipt of the policy document, stating your reasons. The premium paid will be refunded, subject to deduction of stamp duty and any proportionate risk premium for the period of cover.

Grace Period: 30 days from the due date of each premium (yearly mode), during which the policy continues in force. If the premium is not paid within the grace period, the policy will lapse.

Revival: A lapsed policy may ordinarily be revived within 5 years from the date of the first unpaid premium, subject to the Company's underwriting requirements and payment of all overdue premiums with interest.

10. Exclusions

Suicide Exclusion: If the life assured, whether sane or insane, commits suicide within 12 months from the date of commencement of risk under the policy, or within 12 months from the date of revival, the Company will pay 80% of the total premiums paid till the date of death, provided the policy is in force. No further amount is payable under the policy.

11. Tax Benefits

Premiums paid and benefits received under this policy may be eligible for tax benefits under Section 80C and Section 10(10D) of the Income Tax Act, 1961, subject to the conditions specified therein. Tax laws are subject to change. Please consult your tax advisor for guidance specific to your circumstances.

12. Grievance Redressal

If you have a grievance about this policy or this illustration, you may reach out in this order:

- Our Grievance Redressal Officer — grievance@specimen-insurer.example (specimen contact, for demonstration only)
- IRDAI's Bima Bharosa portal (bimabharosa.irdai.gov.in) or the IRDAI Grievance Call Centre
- The Insurance Ombudsman for your region, as listed by the Council for Insurance Ombudsmen (cioins.co.in), if your grievance is not resolved within the timelines specified by IRDAI.

13. Statutory Warnings & Declarations

Insurance is the subject matter of solicitation.

Section 41 of the Insurance Act, 1938 (as amended): No person shall allow or offer to allow, directly or indirectly, as an inducement to take out, renew or continue a policy, any rebate of the whole or part of the commission payable, or any rebate of the premium shown on the policy, except such rebate as may be allowed in accordance with the published prospectus or tables of the insurer. Any person in default of this provision is liable to a penalty which may extend to ten lakh rupees.

Beware of Spurious Phone Calls and Fictitious Offers: IRDAI or its officials do not sell insurance products, announce bonuses, or invest premiums on your behalf. If you receive such offers, please lodge a police complaint.

14. Declaration & Signatures

I confirm that the contents of this Benefit Illustration, including the assumed rates of return, have been explained to me, and I understand that the 4% p.a. and 8% p.a. figures shown in Section 5 are illustrative and not guaranteed.
